

# ZERO KNOWS

M E D I C A L

**ZERO MANUFACTURING IS A GLOBAL** technology manufacturer of innovative medical products and services providing world class protection solutions for the safe transportation and storage of valuable and sensitive instruments, components and equipment.

Our products include cases, housings and enclosures made from a wide range of alloys and composite materials. Our products are used in a wide range of applications by customers in the aerospace, electronics, industrial, military and medical industries.

We bring skills, knowledge and results from designing solutions for multiple industries.

Beyond the quality and caché of a ZERO case, what differentiates us from other manufacturers is our ability to design and deliver highly customized applications.

We work with engineers early in the product development process to help you bring your solutions to market quicker. To learn more about our medical solutions, visit [www.zerocases.com](http://www.zerocases.com).

## Engineered Protective Solutions Designed to Meet and Exceed Stringent Medical Specifications
