

ZERO KNOWS

19" Equipment Cases,
Accessories and Safepac 19" Cases

This **Zero Case** provides the lightweight, robust solution for packaging portable 19" equipment offering protection to IP 65, BS 5940, DIN 40050.

Design Specification for standard Zero Cases

(Safepac details available on request)

Standard Panel Heights: 3U and 6U, other sizes available on request.

Case Lids: Deep Drawn Aluminium Alloy.

Body Tube: Aluminium Alloy.

Closure: Anodised Aluminium Alloy, interlocking tongue and groove.

Catches: Key lockable chrome-plated.

Hinges: Separable to enable lids to be completely detached.

Handles: 3U – recessed strap handle on lid. 6U – one handle at each side, recessed swing bail type. (Safepac strap handle on lid of both).

Lid Stays: 2 detachable pivot-style, steel, at front of case.

Panel or Equipment: Fully adjustable sprung nuts mounted on

Mounting Kit: 2 runners at front of case.

Blanking Trims: Aluminium Alloy, mounted at front of case.

Case finish: Polyester powder coated.

Zero Standard Format

The standard case has a removable cover at each end and is fitted with lid stays, blanking trims and panel or equipment mounting kit at one end only, with automatic relief valve fitted. (Safepac format – details on request.) For other optional accessories and ordering information, see overleaf.

Safepac

Available in 3U and 6U heights each in 63HP and 84HP widths. This specification represents the standard format for Zero 19" Equipment Cases.

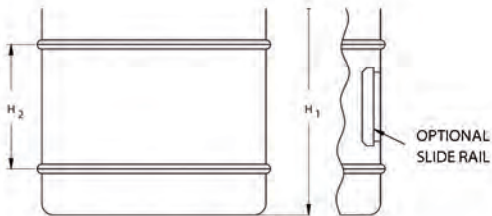

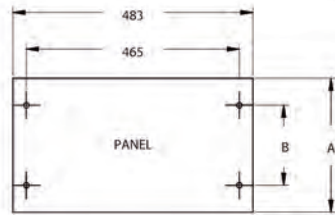

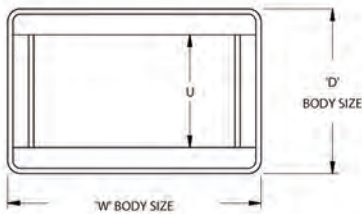

We would be happy to discuss any other requirements which you may have which vary in any way from this specification.

ZERO KNOWS

- 3U Case – 193U-FP
- 6U Case – 196U-FP

Lid Panel

- 3U Case – 193U-LP
- 6U Case – 196U-LP

Slide Rail (Pair)

- 3U Case – 193U-SR
- 6U Case – 196U-SR

Lid Stays (Same for both cases)

- Left Hand – 4-89-1653
- Right Hand – 4-89-1654

Panel/Equipment Mounting Kit

- 3U Case – 193U-PM
- 6U Case – 196U-PM

Blanking Trims (Pair)

- 3U Case – 193U-BT
- 6U Case – 196U-BT

Hinged Inner Lid

- 3U Case – 193U-IL
- 6U Case – 196U-IL

Document Wallet (6U Case only)

- 6U Case – 4-90-1671

NB: Where slide rails or rear lid stays are required, please order additional panel/equipment mounting kits for rear of case. All of the above come complete with fixing parts except the hinged inner lid which is supplied fitted.

In line with our continuing product development policy we reserve the right to alter specifications without prior notice. Any of the dimensions quoted are correct within a tolerance of +/- 2mm. However, we strongly recommend that anyone intending to produce a panel to tighter tolerances than +/- 2mm, before receipt of case in which it is to be mounted, should discuss dimensions with our engineering department.
